SHOWBOAT DREW MANY

A large crowd visited the Sunny South last night and enjoyed a very pleasant play, "The Mills of the Gods." All were greatly pleased with both the play and the vaudeville acts. At 11:30 yesterday morning a parade was given on the streets by the band of the boat. They gave a very pleasant concert.

With today's issue our goat is again with us after an absence of many months. We have decided to name him "Boek" to remind the boys of the palmy days when the town was wide open.

HUNDRETH ANNIVERSARY

Celebration of the Founding of the Presbyterian Church in Maysville Will Begin Tomorrow Morning.

The Centennial Celebration of the founding of the Presbyterian Church in the City of Maysville will begin tomorrow morning in the First Presbyterian Church and will continue until Tuesday night. This will be a celebration of both branches of the church in this city, their separation occurring in September, 1867.

Tomorrow morning at 10:45 o'clock the Rev. G. M. McCampbell of Sewickley, Pa., pastor of the First Presbyterian Church from 1869 until 1872 will preach. In the evening at 7:30 o'clock, the Rev. S. B. Alderson of Topeka, Kan., pastor following Mr. McCampbell, being here from 1872 until 1885 will preach. These two gentlemen are the only ministers living that have served in the church.

At 3 o'clock tomorrow afternoon a memorial service will be held in the church. The Rev. Dr. John Harbaur, the present pastor, will read a historical sketch of the church which will be followed by papers or addresses from the Rev. W. B. Campbell of the First M. E. Church, South, on behalf of the Pastors Union of the city, and Dr. J. James Wood and Federal Judge A. M. J. Cochran.

Miss Marguerite Hukill, a noted young singer of Cincinnati, will sing at the various services during the Centennial.

The public is cordially invited to attend any and all services.

HEALTH MEETING

Held at the Mason County Woman's Headquarters Addressed by Dr. H. S. Mustard and Dr. J. G. Townsend of the Sanitary Survey Corps.

The health meeting advertised to be held in the Mason County Woman's Club building on Sutton street yesterday afternoon at 2:30 o'clock drew a fair sized crowd of ladies and gentlemen interested in health work.

The meeting was addressed by Dr. H. S. Mustard of the United States Public Health Service, now in the city with the Sanitary Survey Corps, on the subject of "Babies." Dr. Mustard's talk was very instructive and interesting and he showed that he had a very thorough knowledge of the work of sanitation.

Dr. Mustard said that there were three things most necessary to every baby born into the world, a good inheritance, pure food and pure fresh air. Each one of the three he treated separately laying the most stress on the first two named. He gave facts concerning babies that was astounding to hear. Following his speech he answered various questions concerning the health and care of the child. Among the questions asked him was concerning "three day measles," which many children were said to have had recently. He said that he had never heard of the disease and in his opinion it was probably German measles.

Dr. J. G. Townsend then spoke for a short time on health work.

KENTUCKY BANKERS ASSOCIATION

The annual meeting of group hinc, Kentucky Bankers' Association, will be held at Olympian Springs Thursday, June 21. The meeting will be called to order and addressed by President Gano Ammerman, cashier of the Farmers' National Bank of Cincinnati. Next is an address by W. F. Bradshaw, Jr., president of the Kentucky Bankers' Association, Paducah. An address on "New State Tax System as Affecting Banking Interests" will be made by J. N. Kehoe, president of the First-Standard Bank and Trust Company, Maysville. Election of officers will be in the afternoon, as well as an address by Hon. G. G. Speer, Banking Commissioner. The officers are: President, Gano Ammerman, Cincinnati; secretary, John N. Ross, Carlisle; executive committee, H. L. Corlis, Brooksville; L. N. Davis, Ashland; C. E. Rhodes, Flemingsburg.

CONTEMPLATING CHANGE

Changes in schedule on the Chesapeake and Ohio Railroad are contemplated within the next few weeks. Fast trains Nos. 1 and 6, arriving here at 9:59 and 9:35 a. m. respectively will be taken off. Accommodation train No. 17, through from Huntington to Cincinnati will come to Maysville, arriving here at about 10 o'clock and laying over until 3 o'clock p. m., returning at that time to Huntington. The above changes outlined are not official and the changes may not be made.

Mr. James H. Bates of Covington was a business visitor in the city.

\$451,200

Was the Amount Subscribed to the Liberty Loan Fund in Mason County—Went Over Allotment.

Mason county went over its allotment for the Liberty Loan Fund by over \$50,000, the amount which was set for Mason counties to raise being \$400,000. The total amount raised to be exact was \$451,200.

The following are the amounts subscribed for by the banks of Mason county:

First-Standard	\$175,000
Bank of Maysville	125,000
State National	120,000
Bank of Maysville	17,500
Farmers and Traders	10,000
Citizens Bank of Dover	3,700

Total \$451,200

Mason county subscribed as will be seen from the figures 12 per cent more than the amount allotted her. This is certainly a splendid record and one which every truly patriotic citizen within its borders should feel proud. To the splendid heads of our banking institutions a large part of the credit is due. We are truly glad to say there are no slackers in good old Mason.

Immediately after the exact figures were obtained as to Mason county's subscription to the Loan, the following wire was received by President Kehoe of the First-Standard Bank:

Cleveland, Ohio, 2 p. m., June 15, 1917—Hon. J. N. Kehoe, Chairman Maysville, Ky. Inditions are that Fourth Federal Reserve District has gone well beyond its quota of \$225,000, 000, congratulations and thanks to you and your gallant workers.

WILLIS, Chairman.

We give below the amount allotted and subscriptions of counties adjacent to Mason:

Allotment Subscriptions

Bracken \$75,000 \$122,000

Lewis 30,000 44,000

Fleming 100,000 35,100

Robertson 25,000 46,000

Washington, June 15—The American people have responded to the government's call for funds to finance the war with an oversubscription to the \$2,000,000,000 Liberty Loan of proportions so huge that officials are buried beneath a landslide of untalented returns. No man could say at 10 o'clock tonight how great had been the nation's answer. Apparently it was overwhelming beyond the most sanguine hopes of treasury officials, though not one

of the twelve federal reserve banks, regional headquarters of the loan, would hazard more than an estimate of its total.

Estimates from the twelve reserve districts, some of them unofficial but mostly from local loan committees, indicated late tonight that the subscriptions might reach the total of \$2,862,800,000.

CHILDREN'S DAY EXERCISES

There will be a short Children's Day exercise given in the Christian Church Sunday morning. The offering for missions taken in the Sunday School of that church during June is \$115. It was planned that the offering should reach \$150 before the month has closed. In the exercise to be given Sunday the children will tell how the money thus given is used by the Foreign Missionary Society.

MEETING HELD THIS MORNING

A meeting of the Republican Executive Committee of Mason county was held at 10:30 o'clock this morning in the Central Hotel, at which time matters of importance to the party were discussed. The meeting was held too late to get any of the particulars in today's Ledger but we will have a full account of the meeting for Monday's Ledger.

Tires that did not require setting in thirty years—on a Studebaker

WHEELS are the life of a wagon. Hubs, spokes, felloes and tires of the best materials, put together by skilled workmen, go into every Studebaker.

What is the result? Mr. William H. Horton, of Nineveh, N. Y., writes that the tires on his thirty-six year old Studebaker farm wagon did not need resetting in thirty years—and the wagon was in use every day.

We can prove to you that this is not an exceptional Studebaker wagon. There are thousands of Studebaker wagons in use today that are forty years old and more. And that have cost their owners little or nothing for repairs.

Come in and look over our stock of Studebaker vehicles. Let us show you how well they are built.

THE PEACE OF VICTORY FOR WHICH WE STRIVE

The United States does not wish from Germany, Austria or Turkey a foot of land or a dollar of indemnity. We are in this war partly because it had become impossible for a high-minded Nation longer to submit to the intolerable outrages and injuries which for two years we had suffered from Germany; and partly because it was—as it long had been—our clear duty to take active part in the war for democracy against autocracy, for right against wrong, for liberty against militaristic tyranny, for the cause of the free people against the despotic and oligarchic governments which deny freedom to the peoples.

We must continue steadfastly in the war until we gain peace by victory; for no other peace justifies war. The peace thus gained must be the peace of justice and of righteousness; for an unjust and unrighteousness peace is far worse than a just war.

The principle underlying the peace should be the right of each people to govern itself and to control its own destinies so far as such control does not conflict with the rights of others.

I have said that we wished nothing for ourselves in either territory or indemnity. But we ought to insist on formal recognition of the Monroe Doctrine; for this would not only be to our advantage and to the advantage of all well-beloved American nations, but would mark a long stride forward in international peace and fair dealing. In its essence the Monroe Doctrine is a declaration that hereafter there is to be no territorial aggrandizement by European Powers on American soil at the expense of American nations. South of the equator there are growing civilized States capable of enforcing this doctrine themselves, and there we should join in enforcing it only at their request. But north of the equator our interests are such that we must be the guarantor. This should be specifically acknowledged in the treaty of peace.—Theodore Roosevelt in the July Metropolitan.

FIRE TRAPS

Maysville along with every other town or city in the country had an excellent lesson the week in the destructive fires which visited Atlanta, Georgia and Lexington, Ky. In Maysville there exists, just as there existed in Atlanta and Lexington, a number of dilapidated, fast-decaying hovels, that are fire hazards of the most dangerous type. The only thing that permits them to stand is the fact that somebody is still getting a few dollars a month out of them in rentals. Any one of these hovels is apt to be the means of a conflagration that would not mean serious loss by fire alone, but the possible loss of life. There are buildings in Maysville not worth the lumber contained in them, standing as an hourly menace to other structures well worth into the thousands of dollars. Ordinarily they are occupied by the very poor, and most generally lamps are used and fire carelessly handled. The owner manages in some way to escape the fire inspectors, and in many instances he is of sufficient prominence in the community to cause neighboring property owners, those who really have something at stake, to withhold their complaints about his fire traps.

This should not be. No man who invests his money in property in Maysville should be forced to have it endangered by a shack that is not worth carrying insurance on. Atlanta and Lexington are mourning a loss today of millions of dollars worth of property merely because they permitted a number of dilapidated old frame buildings, almost untenable, but still drawing a few dollars a year in rentals, to remain in their business districts. There must be somewhere in the city ordinances, or within the State fire laws, something to afford relief and do away with this danger.

AIRPLANE FACTORIES ARE IDLE, BUT READY

New York, June 14—Allan R. Hawley, president of the Aero Club of America, announced tonight he had written to the chairman of the Senate Committee on Military Affairs, George R. Chamberlain, and informed him that eight American airplane makers are idle for lack of government orders, due to delay in making the necessary appropriations.

"There are eight airplane manufacturers who have facilities for making 2,000 aeroplanes in three months and could develop their facilities to make 15,000 airplanes within six months, practically idle for lack of government orders," his letter read.

"We submit that instead of keeping these makers idle they should be given large orders to enable them to develop their facilities to ten times their present output. This they can do easily. Having well trained organizations they are in a position to add hundreds of workmen and to increase their floor space in a very short time. But they can not do that unless they get government orders."

GERMAN PRESS

In U. S. Played By Roosevelt—"Fit Subject for Attention 'not Censors.'" He Says of Teutonic Organs in This Country.

Lincoln, Neb., June 14—With all the vigor at his command, Colonel Theodore Roosevelt today strove to drive home the fundamental truth of the doctrine of Americanism.

Several thousand persons assembled on the esplanade grounds for the first day of the semi-centennial celebration of Nebraska, heard Colonel Roosevelt.

His speech was tempered with kindly consideration for those of foreign blood in the United States, but he was emphatic in pointing out the duties of every American under the present time. One of Mr. Roosevelt's digressions from his written address was to flay the German language newspapers of the country.

"These newspapers, written in German, are a fit subject for the attention of the censors," he said. "I think the English language, seeing it is our language, does very well without the assistance of the German or any other tongue."

Colonel Roosevelt criticized the national policy of the United States for failure to protest promptly against German ruthlessness and brutality, deplored national failure to prepare for the war, pleaded for undivided loyalty to the American flag, denounced the pacifists, and asked for generous support and for the use of the Red Cross in caring for American troops on European battlefields.

"We permitted our national policy," he said, "to be swayed by the national devotion and national antipathies of men who exercised the rights of American citizens, but showed themselves traitors to America by the war in which they prostituted our citizenship to the interests of Germany or to their hatred of England."

LIQUOR TRAFFIC IS CONDEMNED AT MEETING

Lexington, June 14—Warning against political prohibitionists of too recent conversion to tenets of temperance was given in resolutions adopted yesterday morning by the district conference of the Methodist Episcopal church, South. The members of the church present at the meeting were urged to further in every way possible the fight against the liquor traffic, and to vote only for representatives who will give the people of the State an opportunity to decide for themselves whether they desire a continuance of the sale of alcohol.

The afternoon was given over to a discussion by the lay members of the conference, with W. W. Ball, of Maysville, as leader. Mr. Ball made an exhaustive report on the finances of the church. Others who spoke were W. H. Cobb, of Speers; J. B. Bryant, of Nicholasville, and Robert Friend, of Irvine.

Morning services were in charge of the Rev. E. L. Southgate, a former Lexingtonian, now pastor of the Mt. Sterling church. Miss Anna Lewis, of Lexington, reported on woman's work, and the Rev. W. B. Campbell, of Maysville, reported on mission work.

SOCIAL CABLEGRAMS TO BE HANDLED AT VERY LOW RATE

Chicago, June 14—The Western Union Telegraph Company announced today a special telegraph cable rate that will enable the most modest pocketbook to get prompt word from those at the front in Europe. Soldiers, sailors or nurses with the expeditionary forces may send or receive on Saturday and Sunday letter telegrams at rates less than one-quarter the normal charge. The normal rate on a twelve-word cablegram from Chicago to Paris is \$3.72. It will be handled to or from a member of the expeditionary force for 84 cents. The message must be of a social and not a business nature.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

At first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Mayville Citizen's Experience.

Something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back. A lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Mayville case:

Ben F. Fleming, constable of Mason Co., 217 E. Lee St., Mayville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Mayville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. Get all Doan's Kidney Pills from O. C. Frost, 101 E. Lee St., Mayville, Ky.

Epworth League devotional service at 6:45 p. m. under the leadership of Miss Flossie Jones.

No evening preaching service. We will unite with the other churches in the union Sunday evening services during the summer months. On account of this we urge all our people to attend our morning services and then to come to our league service and go from there to the union service.

S. K. HUNT, Pastor.

Central Presbyterian Church.

Sunday School 9:30 a. m. James B. Wood, Superintendent. Preaching 10:45 a. m. by the pastor. Christian Endeavor Society 6:45 p. m. led by Miss Margaret Walker. No evening service. Members of the congregation are cordially invited to the Centennial service which is to be held in the First Presbyterian Church.

LOCKE WHITE, Pastor.

Christian Church.

Bible School beginning at 9 will be conducted in departments in the usual way. Following the school session and as a part of the morning church service, a short program will be given by the children of the school who come to practice for Children's Day exercises. The announcement of the Sunday School picnic will be made in the school session. The Men's Class held in the special room, will be taught by the minister. The extension class for Plughtown men will be taught by one of the members of the class at the same hour 9:30.

There will be no evening preaching service because of the centennial service in the Presbyterian Church. Endeavor service at 6:30.

To all of these services every one is invited.

A. F. SAHL, Pastor.

First Baptist Church.

Bible School at 9:30 a. m. Ben H. Greenlee, Superintendent. Junior Baracas will make arrangements for great campaign for new members so as to bring their military force up to a full company. Pastor N. F. Jones will teach the Sr. Baracas Class, subject "The Resurrection."

At 10:45 special sermon to the young people of Mayville by Pastor N. F. Jones, subject, "Five Lives," and at 7:30 p. m. he will preach a special sermon to the church membership on "Life." The public is cordially invited to attend these services. The sermons will be full of life but short.

B. Y. P. U. at 6:30 sharp. Splendid program.

Notice—There will not be any change in the time of our services through the summer and all will be welcomed to attend them, time 10:45 a. m. Sunday and 7:30 Thursdays.

N. F. JONES, Pastor.

OUR COLORED CITIZENS

Miss Sadie Bells of West Fourth Street left Tuesday morning to attend the Sunday School Congress which convenes in Nashville, Tenn. After which she will visit in Lexington and Springfield, Ohio.

Mrs. Irene Oles who has been in Chicago, Ill., for the last nine months is now home attending the Commencement.

Mr. and Mrs. J. W. Smith have just returned from a trip to the West.

SPORTING NOTES

Indianapolis—Gill Anderson, one of the greatest American automobile race drivers in all probability will return to the track for the war benefit race to be held in Chicago, June 16.

Anderson has recovered from the injuries received when his car turned over in the Cincinnati race last Labor Day. His greatest victory was the winning of the inaugural race at the Sheepshead Bay track, when his average was 102.6 miles an hour.

Chicago—Denying reports that he is to be displaced as president of the American Association, Thomas J. Hickey announced that he is under a three-year contract. "I also have five of the eight club owners with me," President Hickey said. "It makes little difference to me what the other three think of me as president."

Cleveland—Cleveland is boasting of a youthful pitching "phenom." The youngster is Frank Henry, 14 years old, who has won ten straight games, permitting an average of only four hits a game and averaging fourteen strikeouts in each contest. He is playing with a team in the "Junior league" here.

Fargo, N. D. — Practically every player in the Northern Base Ball League was subject to the draft registration, although it is not believed the draft will interfere with the season's play, even if all the men are called to the colors, as the season closes Sept. 3. Manager Denny Sullivan of the Fargo-Moorehead team discovered that every man on his payroll was subject to the draft and he marched his players in a body to the court house where they signed for possible service.

St. Louis—The name of the St. Louis park of the National league has been changed from Robinson Field to "Cardinal Field."

"We are introducing the Cardinal idea, so of course the scene of its development should be called Cardinal Field," Branch Rickey, president of the club, explained.

MORE EARTHQUAKE SHOCKS

ARE FELT IN SAN SALVADOR

San Salvador, Salvador, June 14—Several earthquake shocks of varying intensity were felt here yesterday and today, but no damage has been reported. The various relief committees are distributing provisions to the destitute and shelters are being built to house the thousands of homeless who at present are encamped in the streets. The wounded are being attended by the Red Cross.

\$925,000,000 IN NEW YORK

New York, June 14—The New York Federal Reserve District had subscribed for \$925,000,000 worth of Liberty Loan bonds at the close of business tonight, it was estimated by the Liberty Loan Committee.

Confidence was expressed that when the bonds started tomorrow the total will be well beyond the \$1,000,000,000 mark.

"SUPERSTITIONS OF KENTUCKY"

Miss Lida Duke Woods, Secretary to President Gamble, of Center College, Danville, Ky., has been sending pamphlets to all the schools of the state in order to collect and make a record of all the superstitions of Kentucky, which are fast dying away. The reason for this may be explained by the advancement of civilization and education of the age.

Of all the states, Kentucky has been most noted for its superstitions. There are bad luck signs, good luck signs, weather signs, marriage and love signs, signs of people coming, superstitious cures, fortunes and wish signs. All of which most of us are familiar with, because from the time of our earliest childhood we can remember being told by some one. Don't do that, it is bad luck, and if we should ask them why we would only be told that it was because some one had told them so. Thus it happens that these old superstitions have been handed down from one generation to another. But the present generation has arrived at a stage where we realize the reality of things.

The belief in superstition of signs dates back further than the time of Julius Caesar. We can however overlook that fact that people believed in superstition at that time because civilization had not reached a very great height, but to hear some one tell us now, not to do certain things because it is bad luck sounds not only absurd and childish but also denotes ignorance.

Some of the bad luck signs are, for a black cat or rabbit to cross your path; to break a looking glass means seven years of bad luck; to find a soft shell egg means bad luck.

Some of the good luck signs are, to carry a rabbit's foot in your pocket, to find a four leaf clover; a spider on your neck means good luck.

The accidental dropping of a dish rag, means that some one is coming. The cry of a dove or raincrow denotes rain.

Corns may be cured by cutting them with a razor which has been used to shave a dead person.

There are many, many others of these superstitions, which are interesting as fairy tales and which have no more truth than fairy tales, but as they form a part of the thought of our state past and present, we ought to keep the memory of them.

SIX STATES YET TO HEAR

FROM IN REGISTRATION

Washington, June 14—With the returns from six states missing the war registration total tonight stood at 8,839,528, or 93.5 per cent of the census estimate of 9,552,641 eligibles, in the forty-two states reported and the District of Columbia.

LABOR AGREEMENT REMANDED

Washington, June 14—A demand that the government enter into a definite working agreement with organized labor to preserve labor standards and rights during the war is made in a statement signed by Grant Hamilton, of the Legislative Committee of the American Federation of Labor, and issued today through the government's public information committee.

Price Advance

Competitors have circulated a report that the Ford has advanced \$100.00. This is emphatically untrue and is done merely to help them sell an inferior car for more money. However, I am expecting every day to receive notice to advance the price. All orders are being taken with the privilege of cancellation if price advances. The company has notified me to mail all orders the same day they are placed. SCHOOL CLOSURES

Officially Yesterday Morning When Students Are Given Final Report
Cards—Percentage of Failures
Small This Year.

Yesterday was the last day of school for the 1916-17 term, the students being at their respective buildings for about an hour to receive their report cards showing whether they had passed or not and to bid farewell to many of their classmates for the summer.

The percentage of failures this year in the grades was very small according to Superintendent Caplinger's report before the School Board at its last regular meeting. In the High School there were many failures in one or more subjects, the average being about the same.

The reason given for there being so few failures among the grade children was the fact that school was not compelled to close this year on account of any epidemic and thus take the minds of the students from their studies. Only near the last of the school did there seem any serious menace from any disease at that time it being the measles.

During the past year the new system of promotion—the midyear—was introduced. At first there was serious opposition to the new movement but after seeing its merits the opposition melted away. This system proved very successful and many students are a half year further advanced in their studies.

Although the past year was a very successful one in the school, work is now being carried on to make the schools more efficient during the next term.

BODY OF CHILD KILLED BY AUTO BROUGHT HERE

The remains of Raymond Bradford, the six year old son of Mr. and Mrs. Joseph Bradford of Cleveland, Ohio, who was killed by an auto in that city on Tuesday, arrived in this city yesterday morning, being taken to the undertaking parlors of McIlwain, Knox & Diner.

The boy was struck by a large seven passenger touring car and died a few hours later as the result of his injuries. He was crossing the street at the time of the accident.

The boy's parents were former residents of Mason county, Mr. Bradford having at one time been constable in the Orangeburg precinct.

The funeral of the unfortunate child was held this morning at 10:30 o'clock with burial in the Maysville cemetery.

The percentage of failures this year in the grades was very small according to Superintendent Caplinger's report before the School Board at its last regular meeting. In the High School there were many failures in one or more subjects, the average being about the same.

The reason given for there being so few failures among the grade children was the fact that school was not compelled to close this year on account of any epidemic and thus take the minds of the students from their studies. Only near the last of the school did there seem any serious menace from any disease at that time it being the measles.

During the past year the new system of promotion—the midyear—was introduced. At first there was serious opposition to the new movement but after seeing its merits the opposition melted away. This system proved very successful and many students are a half year further advanced in their studies.

Although the past year was a very successful one in the school, work is now being carried on to make the schools more efficient during the next term.

BODY OF CHILD KILLED BY AUTO BROUGHT HERE

The remains of Raymond Bradford, the six year old son of Mr. and Mrs. Joseph Bradford of Cleveland, Ohio, who was killed by an auto in that city on Tuesday, arrived in this city yesterday morning, being taken to the undertaking parlors of McIlwain, Knox & Diner.

The boy was struck by a large seven passenger touring car and died a few hours later as the result of his injuries. He was crossing the street at the time of the accident.

The boy's parents were former residents of Mason county, Mr. Bradford having at one time been constable in the Orangeburg precinct.

The funeral of the unfortunate child was held this morning at 10:30 o'clock with burial in the Maysville cemetery.

Cards—Percentage of Failures
Small This Year.

Yesterday was the last day of school for the 1916-17 term, the students being at their respective buildings for about an hour to receive their report cards showing whether they had passed or not and to bid farewell to many of their classmates for the summer.
